PUBLISHED BY AUTHORITY

No. 132] NEW DELHI, THURSDAY, DECEMBER 3, 1959/AGRAHAYANA 12, 1881

MINISTRY OF COMMERCE AND INDUSTRY

PUBLIC NOTICES

IMPORT TRADE CONTROL.

New Delhi, the 3rd December, 1959

SUBJECT:—*Non-scheduled Industries—other than S.S.I.s—Recommending authority for certifying the requirements of fisheries.*

No. 115-ITC(PN)/59.—Attention is invited to para 41 of Section I of the Red Book for October 1959—March, 1960 licensing period which contains a list of officers who are authorised to issue the certificates of the essential requirement of actual users in the case of non-scheduled Industries other than Small Scale Industries.

2. It has been brought to the notice of the Government of India that fisheries are under the charge of the Director of Fisheries of the State Governments and that it would be more appropriate if Actual Users' applications from fishery industries are supported by certificates of essentiality from the Director of Fisheries instead of the Director of Industries of the State. The matter has been examined and it has been decided that the certifying authority who is authorised to issue the essential requirement of actual users in the case of canning, freezing and other fishery industries should be the Director of Fisheries of the State where the factory is located.

3. The State Director of Industries are advised to transfer all pending applications for grant of essentiality certificates received from the Fishery Industries, for the current licensing period, to the Director of Fisheries of the State.

SUBJECT:—*Import Policy for Fluorspar [S. No. 122(ii)/V]—October, 1959—March 1960 period.*

No. 116-ITC(PN)/59.—Attention of the Importers is invited to the remark against S. No. 122(ii)/V in Section II of the current Red Book, according to which licences issued for import of Fluorspar will be valid only for import of Fluorspar in lump form.

2. As a result of representations received from the trade, the position has been reviewed and it has been decided that the licences issued for this item will also be valid for import of Fluorspar in 'powder' form. The remark against S. No. 122(ii)/V may be deemed to have been substituted by the following remark:—

'Licences issued for this S. No. will be valid for import of Fluorspar both in lump and powder form.'

K. T. SATARAWALA,
Chief Controller of Imports and Exports

(1219)
